

Three-Blade Fan for Electrical and Exhaust Applications

This three-blade fan is designed for electrical and exhaust applications. Constructed from durable blue plastic, it ensures optimal airflow and efficient ventilation.

Product Overview

High-Efficiency Three-Blade Fan

This three-blade fan is precision-engineered for optimal airflow and efficient ventilation in electrical and exhaust applications. Constructed from durable blue plastic, it features a robust central hub design to ensure secure mounting and balanced, stable rotation. It is an ideal component for a wide range of household electrical appliances, including air conditioners and various ventilation systems.

Physical Characteristics

Number of Blades	3
Material	Durable blue plastic

Application & Compatibility

Suitable Applications	Electrical Appliances, Exhaust Systems, Air Conditioning, Ventilation Equipment
-----------------------	---

Design Features

Design Features

- Optimized blade geometry for airflow
- Central hub for secure mounting
- Balanced rotation design
- Durable construction
