

# Three-Bladed Fan Propeller

This three-bladed propeller is designed for electrical and exhaust fans. It is constructed from durable, lightweight material, ensuring efficient and reliable performance in air conditioners and ventilation equipment.

## Product Overview

### Three-Bladed Fan Propeller

This three-bladed propeller is engineered specifically for electrical and exhaust fan applications. Featuring an aerodynamically optimized blade design, it ensures efficient airflow for ventilation systems and air conditioning units. Its durable, lightweight construction is finished in black, providing both aesthetic appeal and resistance to environmental factors.

## Technical Specifications

Number of Blades	3
Color/Finish	Black
Design Features	Aerodynamic, Lightweight, Durable

## Application

### Compatible Appliances

- Electric Fans
- Exhaust Fans
- Air Conditioners
- Ventilation Equipment

Mounting	Central hub with slots for motor attachment
----------	---
