

Three-Speed Table Fan with Wire Cage

This table fan provides focused airflow for personal cooling. It features a three-speed control and a protective wire cage.

Product Overview

Compact and Reliable Cooling

This three-speed table fan is designed for efficient personal cooling in office or home environments. Featuring a durable wire safety cage and sturdy base, it combines safety with performance. The adjustable tilt head and horizontal oscillation ensure customizable airflow, while the reliable motor provides consistent cooling power.

Technical Specifications

Model Number	FT-30
Power Consumption	40 W
Speed Settings	3

Design & Construction

Safety Features

- Wire safety grill
- Sturdy base

Adjustability

- Adjustable tilt head
- Horizontal oscillation

Blade Material	Polypropylene (PP)
----------------	--------------------

Certifications & Compliance

Certifications

GS • CE • RoHS • SAA • cETLus

Logistics

Packaging	Color box, 1pc/ctn
40' HQ Loading Capacity	2970 pcs
