

Three-Tier Chocolate Fountain

This three-tiered chocolate fountain features a heating element and a pump. It is suitable for commercial or home use in catering and dessert applications.

Product Overview

Professional Three-Tier Chocolate Fountain

This three-tiered chocolate fountain is designed for both commercial catering environments and home dessert stations. Featuring a durable stainless steel finish and a robust black base, it provides a consistent flow of melted chocolate for dipping fruits, pastries, and various confections. Engineered for continuous operation, the integrated heating element and pump system ensure your chocolate remains at the perfect consistency for extended service.
