

Three-Wheeled 150cc Cargo Motorcycle with Hood

This three-wheeled motorcycle is equipped with a 150cc engine and a spacious cargo bed. It also features a protective hood, making it suitable for hauling goods in diverse conditions.

Overview

Robust Utility Cargo Solution

This 150cc three-wheeled cargo motorcycle is engineered for heavy-duty hauling and reliable daily operation in demanding environments. Featuring a spacious cargo bed with a sturdy metal frame and a convenient tailgate, it facilitates easy loading and unloading of goods. The vehicle combines motorcycle-style agility with superior load-carrying capacity, making it an ideal choice for professional logistics and transport needs.
