

Tile and Stone Cutting Machine

This is a portable electric cutting machine designed for cutting hard materials like tile, stone, or masonry. It features a diamond cutting blade and a water cooling system to reduce dust and heat.

Product Overview

Professional Tile and Stone Cutting Solution

This high-performance cutting machine is engineered for heavy-duty tasks, including stone cutting and wall slotting. Built with premium materials like high-quality aluminum and imported professional bearings, it ensures durability and precision. The 1450W high-efficiency motor is fully protected against dust and water, making it a reliable choice for demanding professional environments.

Technical Specifications

Rated Power

1450 W

Power Output

Protection Standards

- Motor full protection
- Gear box full dust-proof
- Waterproof design

Key Components

Component	Specification
Motor	High-efficiency
Carbon Brush	Specialized
Gear System	High-strength precision

Build Materials

High-quality aluminum, Imported professional bearings, High-strength precision gear

Applications

Suitable Applications

Stone Cutting • Wall Slotting • Heavy Load Tasks
