

Tile Cutting Machine

This tile cutting machine is designed for precise and efficient cutting of various tile materials. It features a powerful motor, adjustable cutting head, and an integrated water cooling system.

Product Overview

Professional Performance

This high-performance tile cutter is engineered for the precise and efficient processing of various tile materials. It incorporates a powerful motor and an adjustable cutting head to handle demanding professional tasks. With an integrated water cooling system, it ensures optimal cutting performance while simultaneously managing dust control for a cleaner workspace.

Key Features

Features

- Integrated water cooling system
- Adjustable cutting head
- Robust construction
- Ergonomic design

Usage

Suitable For

Professional Tile Installers, Contractors
