

Tilt-Head Stand Mixer with Attachments

This stand mixer features a tilt-head design for easy access to the mixing bowl and attachments. It comes with a dough hook, wire whip, and beater to handle a variety of mixing tasks.

Overview

Professional Kitchen Stand Mixer

This powerful 1000-watt tilt-head stand mixer is designed for versatile food preparation in professional environments. Featuring planetary mixing action, it ensures thorough and efficient ingredient incorporation, while the durable die-cast housing provides the stability required for heavy-duty tasks. With 8 variable speeds and an included accessory hub, it serves as a comprehensive solution for mixing, kneading, and blending needs.
