

Tinted Acrylic Side Window Deflectors

These side window deflectors allow fresh air enjoyment and feature an original equipment look. Crafted from tinted acrylic, they have a sleek, aerodynamic design that reduces wind noise and allows interior heat to escape.

Product Overview

Premium Tinted Acrylic Side Window Deflectors

These side window deflectors are designed to enhance driving comfort by allowing fresh air circulation while keeping rain and wind out. Crafted from high-quality tinted acrylic, they feature a sleek, aerodynamic profile that effectively reduces wind noise and helps dissipate interior heat. Designed for a seamless, original equipment look, they install directly into the window channel to protect the vehicle's finish.
