Product Overview

High-Precision SMT Pick-up Nozzle

This high-precision pick-up nozzle is engineered for reliable and accurate component placement in surface mount technology assembly lines. Designed for durability in high-speed, high-volume manufacturing environments, it ensures optimal production efficiency and minimizes machine downtime. Available in various tip configurations to accommodate a wide range of electronic component sizes.

Technical Specifications

Specifications Table

Part Number	Outer Diameter	Inner Diameter
J7055137C	12.7	11
J7055131C	2.2	1.4
J7055132C	3.6	2.2
J7055133C	6.2	4
J7055135C	9	7.5

Compatibility Series

CP 20/40, CP 45, CP 45 NEO, CP 60
