

Toaster Oven with Top Griddle

The SH300 Toaster Oven combines a traditional toaster oven with a convenient top griddle. This appliance features adjustable temperature controls, a timer, and multiple cooking settings to accommodate various recipes.

Overview

Versatile Kitchen Multi-Tool

The SH300 Toaster Oven integrates a versatile baking chamber with a convenient top-mounted non-stick griddle. This compact dual-function appliance is ideal for small kitchen environments where space efficiency is a priority. It provides essential cooking modes including baking, broiling, and toasting, while the added griddle surface enables simultaneous preparation of items like pancakes or eggs.
