

Toolbox Style Display Freezer

This toolbox-style display freezer combines the functionality of a tool storage unit with the convenience of a refrigerated display case. Inside the refrigerated compartment are wire shelves for organized storage.

Overview

Innovative Toolbox-Style Refrigeration

The JGA-SC50-2 is a unique, toolbox-inspired refrigerated display unit designed for versatile use in workshops, garages, or retail environments. With a 50L capacity and durable construction, it combines the aesthetics of industrial tool storage with high-performance cooling. The unit is mobile, featuring 3-inch wheels, and offers a manually adjustable temperature range of 0-10°C to suit various storage needs.
