Product Overview

World's first patent for a top-fill humidifier utilizing magnetic suspension technology.

Refill water directly from the top without lifting the tank.

Innovative Aroma Humidification

This aroma humidifier features a unique, patented top-fill design with magnetic suspension technology, allowing for convenient water refilling without the need to lift heavy tanks. It is constructed with chemical-resistant PP material, making it perfectly safe for use with your favorite essential oils. With its compact water-drop design, it serves as an ideal air quality solution for bedrooms, nurseries, offices, and yoga studios.

Key Features

Chemical-resistant tray designed for safe essential oil diffusion.

Core Functionalities

Top-Fill Design, Magnetic Suspension Technology, Essential Oil Tray, Ultrasonic Mist, Quiet Operation, Auto Shut-off

Control & Settings
