

Top Loading 8kg Washing Machine

This top-loading washing machine is designed for efficient and convenient laundry care. It features a user-friendly control panel with multiple wash programs to cater to various fabric types and soil levels.

Product Overview

Efficiency Meets Convenience

This top-loading washing machine is engineered for high-performance laundry care in both compact and standard settings. It integrates a versatile control panel offering specialized wash programs tailored to different fabric needs and soil intensities. Designed for durability and resource efficiency, it helps users optimize both water and energy consumption while maintaining superior cleaning results.
