

Top Loading Twin Tub Washing Machine

This top-loading, twin-tub washing machine is designed for efficient and convenient laundry. It features separate tubs for washing and spin-drying, allowing for simultaneous operation and reduced washing time.

Product Overview

Efficient Twin-Tub Design

The XPB80-86S is a high-performance top-loading twin-tub washing machine engineered for convenience and efficiency. By featuring separate dedicated tubs for washing and spin-drying, this unit allows for simultaneous operation to significantly reduce laundry cycle times. Its robust construction and compact footprint make it an ideal choice for professional environments or settings where space-saving is essential.
