Product Overview

Efficiency Meets Performance

This top-loading washing machine is engineered for professional-grade reliability and space-saving efficiency. It incorporates advanced anti-bacterial nanotechnology and UV light technology to ensure garments are thoroughly sanitized. Designed with energy-conscious households in mind, it combines powerful motor performance with intuitive controls for a simple, plug-and-play laundry solution.

Technical Specifications

Model Number	XQB95-312S
Washing Capacity	9.5 KG
Spin Capacity	9.5 KG
Dimensions (W x D x H)	575 x 585 x 970 mm

Key Features

Core Features

- Anti-bacteria nanotechnology and UV light
- Energy efficient design
- Easy-clean special coating
- Integrated rat guard system
- Simple plug and play operation
- Powerful motor for compact spaces
