

Top-Mount Refrigerator with Floral Design

This top-mount refrigerator is designed with a two-door configuration, featuring a freezer compartment above the main refrigerator section. It provides cooling and freezing capabilities for effective food preservation in household settings.

Product Overview

Versatile Floral Top-Mount Refrigerator

This top-mount refrigerator features a distinctive two-door design, placing the freezer compartment conveniently above the main cooling section. It is specifically engineered for reliable household use, ensuring consistent cooling and freezing for optimal food preservation. The exterior is enhanced with a unique floral design in orange tones, offering a stylish aesthetic for home kitchens.
