

Torx Key Set

This set includes multiple Torx keys in various sizes. They are suited for use in automotive, construction, and maintenance applications.

Product Overview

Professional Torx Key Set

This comprehensive 9-piece Torx key set is engineered for reliability and precision in demanding environments. Featuring a durable long-arm design, these tools provide the reach and leverage necessary for automotive, construction, and heavy-duty maintenance tasks. Crafted from high-quality Cr-V material, they ensure longevity and resistance to wear during frequent professional use.
