

Touchless Sensor Trash Can

This touchless trash can offers a hygienic waste disposal solution. Its stainless steel body is equipped with an infrared sensor for automatic lid opening, promoting cleanliness.

Product Overview

Hygienic Waste Management Solution

This touchless sensor trash can is designed for modern environments where hygiene and convenience are paramount. Featuring an advanced infrared sensor, the lid opens automatically for hands-free operation, significantly reducing the spread of germs. Its durable stainless steel construction and sleek design make it an ideal choice for kitchens, offices, and public facilities.
