

Tower Speaker with LED Display, Remote Control, and Microphone Jacks

This tower speaker features an LED display, remote control, and microphone jacks. It has a multi-driver configuration with woofers for enhanced bass and a tweeter for clear high frequencies.

Product Overview

High-Performance Tower Speaker System

This powerful tower speaker system is designed to deliver an immersive audio experience with a robust 200W output. Featuring a sophisticated multi-driver configuration, it combines deep bass response from its subwoofer setup with clear high-frequency output. With versatile connectivity options including Bluetooth, USB, and AUX, it serves as a comprehensive entertainment solution for modern audio setups.
