Overview

Rugged Material Transport

The Tracked Mini Dumper with Adjustable Hopper is engineered for efficient material transport across difficult terrain. Featuring a solid steel design and a maintenance-free gear drive, it provides reliable durability for construction, landscaping, and agricultural applications. The compact tracked system ensures superior traction, while the adjustable hopper and manual tilt function streamline loading and unloading tasks.

Performance

Detailed view of the hydraulic tipping mechanism and 6F+2R range selector controls.

Load Capacity	600 kg
Engine Power	10 HP
Operating Speed	1.2 - 6 km/h
Transmission	6F + 2R

Technical Specifications

Fuel Type	Diesel, Gasoline
Starter Method	Electric starter
Track Width	180 mm
Machine Weight	470 kg

Dimensions

Hopper Dimensions (L x W x D)	1400 x 750 x 700 mm
Packing Size (L x W x D)	2000 x 770 x 1450 mm

Features

Key Features

Adjustable Hopper • Solid Steel Design • Manual Tilt • Maintenance-free Gear Drive • Rubber Tracks • Easy Operation
