Product Overview

Versatile Tractor Implement Solutions

This collection of high-quality tractor implements is engineered to maximize farm productivity across diverse agricultural environments. The range includes essential tools for soil preparation, land management, transport, and site cultivation, ensuring compatibility with various tractor power ranges. Built for durability and efficiency, these implements allow operators to seamlessly transition between tasks such as ploughing, digging, and clearing.

Post Hole Digger Specifications

Digger Specifications

Model	Drill Diameter	Weight	Power Required
HD-6	152mm	92kg	20-35HP
HD-9	228mm	110kg	20-40HP
HD-12	304mm	112kg	20-40HP
HD-14	355mm	127kg	30-45HP
HD-18	457mm	136kg	35-70HP
HD-20	508mm	140kg	35-70HP

Key Digger Features

Re-enforced boom, High-strength arm, 540rpm PTO speed, Variable auger sizes

Front Dozer Specifications

Front Dozer Models

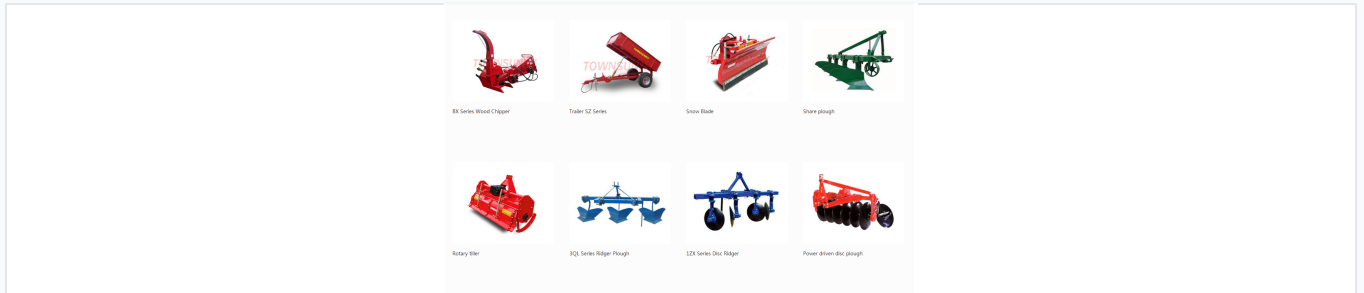

- FD160 (30-40HP)
- FD180 (40-55HP)

Performance Metrics

0.71 m/s
Max Blade Rise Speed

400 mm
Max Lifting Height (FD180)

Available Implement Types

A wide variety of farm implements designed to enhance tractor versatility for soil and site operations.

Implement Categories

Plough, Harrow, Trailer, Blade, Mower, Post Hole Digger, Ridger, Planter, Wood Chipper, Snow Blade
