

Tractor Mounted Liquid Sprayer

This tractor-mounted boom sprayer is designed for efficient and precise application of liquids in agricultural settings. The sprayer is equipped with a pump and control system to regulate pressure and flow, ensuring optimal performance and minimizing waste.

Product Overview

Professional Agricultural Liquid Sprayer

This tractor-mounted boom sprayer is engineered for efficient and precise liquid application in agricultural fields. It provides a robust and durable solution for pesticide spraying, fertilization, and weed control tasks. Featuring adjustable components and reliable pressure management, it ensures uniform coverage and helps optimize resource application.

Technical Specifications

Tank Capacity Options

- 300
- 400
- 600
- 800

Boom Size Options

- 3
- 4
- 6
- 8

Pressure Gauge Indicators

25, 50, 100, 150, 200, 250, 300

Key Performance Metrics

System Efficiency

300 L

Min Tank Capacity

800 L

Max Tank Capacity

8 m

Max Boom Width
