

Tractor-Mounted Post Hole Digger

This tractor attachment is designed for digging holes for fence posts, signposts, and planting trees. The post hole digger features a heavy-duty auger powered by the tractor's PTO system and mounts on a three-point hitch.

Overview

Efficient Earth Drilling

This tractor-mounted post hole digger is a robust attachment designed for efficient hole excavation in agricultural, construction, and landscaping applications. It utilizes the tractor's PTO system to power a high-strength steel auger, ensuring reliability and long service life. The unit connects via a standard three-point hitch, providing excellent maneuverability and compatibility with a wide range of tractor sizes.

Performance Specifications

Maximum Digging Depth	1000 mm
Compatible Power Range	20-30hp, 30-40hp, 40-60hp

Model Variants

Model Specifications

Structure Weight	Auger Diameter	Max Depth
110 kg	152 mm	1000 mm
125 kg	228 mm	1000 mm
140 kg	305 mm	1000 mm
