

Tractor Truck Cab

This is a cab for tractor trucks. It features a modern design that incorporates a spacious windshield, integrated headlights, and side mirrors.

Product Overview

Modern Heavy-Duty Tractor Truck Cab

This heavy-duty tractor truck cab is engineered for long-haul transportation, focusing on both aerodynamic efficiency and driver comfort. Its contemporary design features a prominent front grille and integrated high-visibility headlights. The spacious windshield and strategic side mirror placement ensure excellent road awareness, making it an ideal choice for professional fleet operators.
