Product Overview

Comprehensive overview of scale features including 180kg capacity, 6mm tempered glass, and BMI reference guide.

Modern Precision Weighing

This transparent tap-on body weighing scale combines a sleek 6mm tempered glass design with high-precision strain gauge sensors for accurate daily monitoring. Engineered for safety and stability, it features a low center of gravity to prevent rollover and smooth fillet grinding on the edges. The intuitive auto-power-off and step-on functionality ensure a seamless user experience while maximizing battery life.

Core Performance

Key Performance Metrics

180 kg

Max Capacity

100 g

Division

6 mm

Glass Thickness

Technical Specifications

Measurement Range

Unit System	Capacity	Graduation
Metric (kg)	180 kg	100 g
Imperial (lb)	396 lb	0.2 lb
Stones (st)	28 st	1/4 st

Design & Build

Scale Dimensions	300 x 300 x 27 mm
Display Size	30 x 80 mm
Platform Material	6mm Tempered Glass
Safety Design	Fillet Grinding, Anti-Rollover Design, Low Center of Gravity

Functionality

Smart Functions

- Step-on activation
- Auto-power-off
- Overload indication (oL/Err)
- Low battery indication (Lo)

Power Supply	1 x CR2032 Battery (Included)
