

Triple Tub Semi-Automatic Washing Machine

This semi-automatic washing machine features three tubs for washing, rinsing, and spin-drying. It is designed for efficient and convenient household laundry.

Product Overview

Innovative Triple Tub Design

This semi-automatic washing machine features a unique three-tub configuration designed to optimize your laundry workflow. By providing separate compartments for washing, rinsing, and spin-drying, it offers enhanced hygiene for specialized garment care. It is an ideal solution for segregating children's clothing and undergarments to ensure a cleaner, healthier wash.
