Product Overview

High-Performance Turbo Diamond Saw Blade

This turbo diamond saw blade is engineered with a reinforced core to deliver exceptional performance when cutting demanding materials such as granite, hard concrete, and bricks. Designed for both professional and industrial applications, it ensures fast and steady cutting speeds while maintaining a long operational life. The blade is optimized for effective protection and reliability on the job site.

Technical Specifications

Cutting Method

Dry Cutting • Wet Cutting

Suitable Materials

Granite, Hard Concrete, Bricks

Maximum Speed

12200 r.p.m.

Max Linear Speed

80 m/s

Dimensions & Variants

Available Sizes

Diameter	Bore Size
105	20
115	22.2

Safety & Usage

Required PPE

- Eye protection
- Ear protection
- Respiratory protection
- Hand protection
