

Turbocharger for Caterpillar 325C 325D C7 Engines

This turbocharger is designed for Caterpillar 325C, 325D, and C7 engines. The S200A model enhances engine power and efficiency.

Product Overview

High-Performance Engine Turbocharger

This turbocharger is engineered specifically for Caterpillar 325C, 325D, and C7 engines, designed to restore or enhance engine power and operational efficiency. As a direct replacement part, it ensures seamless integration and reliable performance in demanding heavy-duty applications. Built for precision, this unit helps maintain optimal engine health and responsiveness.

Technical Specifications

Model Type	S200A
Compatible Engines	325C, 325D, C7
