

Turbocharger for Caterpillar C9 Engines

This turbocharger is designed for Caterpillar C9 engines. It has been dynamically balanced tested and provides enhanced engine efficiency and power output.

Product Overview

Engineered for Performance

This high-performance turbocharger is specifically engineered for Caterpillar C9 engines, ensuring optimal power output and enhanced engine efficiency. Each unit undergoes a rigorous 100% dynamic balance test to guarantee superior longevity and reliable operation. Designed with precise mounting dimensions, this component offers easy installation and simplified maintenance for professional fleet servicing.

Technical Specifications

Technical Data

Model	Part Number	Gross Weight (kg)	Dimensions (cm)
S310G080	173264	25	34*34*38
S310S080	171847	20	26*30*33

Compatibility

Engine Application	Cat C9, Cat 330C
--------------------	------------------

Quality Assurance

Performance Standards

100% Dynamic Balance Tested • OE-Compatible Mounting • Cartridge Compatible

Available Components

Available Replacement Parts

- Repair kit
- Cartridge
- Gasket
- Compressor wheel
- Turbine wheel
- Rotor shaft
- Compressor housing
- Turbine housing
- Thrust bearing
- Journal bearing
- Thrust collar
- O-ring seal
