

Turbocharger for Renault and Dacia 1.5L dCi

This turbocharger is designed for Renault Scenic III 1.5L and Dacia Duster 1.5L dCi engines. It features a durable turbine housing and optimized compressor wheel for enhanced engine performance.

Product Overview

High-Performance Turbocharger

This premium BV38 turbocharger is specifically engineered for 1.5L dCi engines to optimize airflow and boost pressure. Designed to enhance both horsepower and torque, it provides improved throttle response for a smoother driving experience. The unit features a precision-balanced assembly and durable housing to ensure long-term reliability and engine efficiency.

Technical Specifications

Model	BV38
Engine Compatibility	K9K (EURO 6)
Serial Number	200312100002

Cross-Reference

OEM Part Numbers	144111232R, 1441142556R, 144114825R, 6070900180, 6070900280, 6070900480
------------------	-------------------------------------------------------------------------

Applications

Vehicle Compatibility

- Renault Scenic III 1.5L dCi
- Dacia Duster 1.5L dCi
