

# Turbocharger Intercooler

This intercooler enhances the efficiency of turbocharged engines. It effectively reduces intake air temperature, increasing engine power and improving fuel economy.

## ADDITIONAL IMAGES

## Overview

### High-Performance Turbocharger Intercooler

This high-performance turbocharger intercooler is engineered to significantly enhance engine efficiency by effectively cooling the intake air charge. Designed for optimal heat dissipation, it helps increase horsepower and improve fuel economy under demanding driving conditions. The unit features a durable core construction and robust end tanks, ensuring reliable performance and a direct fitment for specific vehicle applications.

## Compatibility

### Compatible Vehicles

- Buick Excelle II 1.6i 16V Turbo (2009)
- Opel Astra J 1.4i 16V Turbo (2009)

## Technical Specifications

Core Dimensions	666 x 284.4 mm
Water Tank Dimensions	44/44 x 287.5 mm
OEM Reference	1302148, 13311080
Cross Reference Numbers	Nissens 96555, 56177
