

Turbocharger Kit 17201-30080 for Hiace Hilux

This turbocharger kit is engineered for Hiace and Hilux vehicles, enhancing engine performance. It provides increased power output and improved throttle response.

Overview

High-Performance Turbocharger Kit

The 17201-30080 turbocharger kit is specifically engineered for Hiace and Hilux vehicles equipped with the FTV-2KD engine. Designed to meet or exceed OEM specifications, this kit provides a comprehensive solution for upgrading your vehicle's turbo system, ensuring a precise fit and optimal performance. Each unit undergoes rigorous high-speed balancing testing to guarantee durability, reliability, and improved throttle response under demanding conditions.
