

TV Wall Mounting Bracket for 23-37 inch Screens

This TV wall mounting bracket is designed for 23 to 37 inch TVs. It supports a maximum VESA mounting pattern of 200 x 200mm and features a sturdy construction for secure wall mounting.

Overview

Slim and Secure TV Mounting Solution

This TV wall mounting bracket is engineered from high-gauge cold-rolled steel to provide a sturdy and secure foundation for screens ranging from 23 to 37 inches. Its ultra-slim design ensures a low-profile aesthetic, keeping the display close to the wall for a clean, modern look in any professional or home environment. Equipped with a safety lock and an integrated bubble level, the bracket simplifies installation while ensuring the long-term safety of the mounted equipment.
