

TV Wall Mounting Bracket Set

These metal brackets are designed for mounting flat-screen TVs on walls. The set provides stable and adjustable support for LCD and LED televisions.

Product Overview

Professional LCD-TV Mounting Solution

This TV wall mounting bracket set is engineered to provide a secure and stable support system for flat-screen televisions. Designed with a durable white metal construction, the brackets feature a versatile vertical support structure with multiple mounting holes for precise installation. The horizontal support arm incorporates a slotted design, allowing for adjustable and reliable attachment to your wall surface.
