

Twin Stainless Steel Range Hood

This range hood features twin stainless steel construction and tempered glass. It is equipped with LED lighting, an electronic switch, stainless steel mesh filters, and a high air extraction rate.

Product Overview

Professional Twin Range Hood

This premium twin stainless steel range hood is engineered for high-performance air extraction in demanding environments. Featuring a robust 304/430 stainless steel construction and tempered glass, it offers both durability and a modern aesthetic. With dual 330W motors delivering a total of 2000m³/h airflow, this unit is designed to handle heavy-duty ventilation requirements effectively.

Performance Metrics

Total Air Extraction Rate

2000 m³/h

Combined Extraction

Motor Power

660 W

Physical Specifications

Width

1200 mm

Materials

Stainless Steel 304, Stainless Steel 430, Tempered Glass

Features & Components

Lighting System

6 x 1W LED

Control Type

Electronic Switch

Filters

2 Stainless steel mesh filters

Air Outlets

2 units
