

Twin Tub Washing Machine

This twin tub washing machine is designed for efficient and convenient laundry processes. It features separate tubs for washing and spin-drying, allowing for simultaneous operation.

Product Overview

Efficiency Meets Convenience

The XPB120-100S-C twin tub washing machine is designed for efficient and reliable laundry processing. Featuring a dual-tub configuration, it allows for simultaneous washing and spin-drying, maximizing productivity. The robust motor and double-layer construction ensure consistent performance for busy environments.

Included Features

- Double Layer Design
- Twin Tub Configuration
- Optional Water Drain Pump
