

Twin Tub Washing Machine

This twin tub washing machine features separate tubs for washing and spin-drying, allowing for simultaneous operation. Its compact size and durable construction make it a practical laundry solution for everyday use.

Product Overview

High-Efficiency Twin Tub Laundry Solution

This twin-tub washing machine features a robust double-layer design, providing a dedicated 10.0kg wash capacity alongside a 6.8kg spin-drying capacity for efficient household laundry processing. The unit is engineered for versatility and ease of use, allowing for simultaneous wash and spin operations to save time. It is a reliable and practical choice for spaces requiring high-performance cleaning in a compact footprint.
