

Twin Tub Washing Machine

This twin tub washing machine is designed for efficient laundry processing. It features separate tubs for washing and spin-drying, allowing for simultaneous operation.

Overview

Efficiency Meets Design

The XPB92-292AS twin tub washing machine is engineered for high-efficiency laundry processing in compact settings. Featuring separate tubs for washing and spin-drying, it allows for simultaneous operations that save time for the user. Its durable build quality ensures reliable, long-lasting performance while its portable design makes it a versatile solution for various environments.

Performance

Machine Type

Twin Tub

Operational Features

- Separate wash and spin-dry tubs
- Simultaneous operation capabilities
- Adjustable wash timer
- Adjustable spin cycle duration
