

Twin Tub Washing Machine

This washing machine features twin tubs for washing and spin-drying. It is designed for efficient cleaning and water usage, with user-friendly controls.

Overview

High-Capacity Twin Tub Efficiency

This twin tub washing machine offers a robust solution for high-volume laundry needs with a generous 10.0kg wash capacity and 6.8kg spin capacity. Designed with a durable double-layer construction, it provides both separate wash and spin-dry functionality for improved workflow. The unit is engineered for versatile utility with optional water pump features to accommodate various installation environments.
