

Twin Tub Washing Machine

This compact and efficient twin tub washing machine is designed for household use. It features separate tubs for washing and spin-drying, allowing for simultaneous operation.

Product Overview

Compact Twin Tub Efficiency

The XPB86-286BS is a high-performance twin tub washing machine engineered for residential environments where space is at a premium. It features dual independent tubs that allow for simultaneous washing and spin-drying, significantly reducing laundry time. Built with a durable plastic housing, this machine combines long-lasting reliability with intuitive rotary controls for precise management of wash and spin cycles.
