

Twin Tub Washing Machine

This twin tub washing machine features separate tubs for washing and spin-drying, enabling simultaneous operation. It is designed with user-friendly controls for adjusting wash cycles and spin times.

Product Overview

High-Efficiency Twin Tub Laundry Solution

This twin tub washing machine is engineered for efficient laundry processing, featuring independent tubs for simultaneous washing and spin-drying. With a robust 10kg wash capacity and 6.8kg spin capacity, it offers a practical solution for heavy-duty laundry needs. The unit features a durable double-layer design and is optimized for both performance and energy management.
