

Twin Tub Washing Machine with 8.8kg Capacity

This twin tub washing machine features separate wash and spin cycles. It has a durable plastic body, user-friendly control knobs, and a compact design, with a capacity of 8.8kg.

Product Overview

Efficient Twin Tub Laundry Solution

This 8.8kg capacity twin tub washing machine offers a robust and user-friendly design for effective garment care. By featuring separate wash and spin cycles, it provides maximum control over the cleaning process while remaining compact enough for tight living spaces. Built with a durable plastic body, this machine is a practical and reliable choice for efficient laundry management.
