

Twin Tub Washing Machine with Separate Wash and Spin Tubs

This twin tub washing machine features separate tubs for washing and spin-drying. It has user-friendly controls for adjusting wash time and spin speed.

Overview

Professional Twin Tub Laundry Solution

This high-capacity twin tub washing machine is engineered for efficient, simultaneous washing and spin-drying operations. Featuring a robust double-layer construction, it is designed to handle heavy loads with a wash capacity of 12kg and a spin capacity of 7.2kg. Its user-friendly interface and durable build quality make it an ideal choice for reliable, consistent laundry performance in various environments.
