

Twin Tub Washing Machine with Spin Dryer

This twin tub washing machine has separate washing and spin-drying compartments. Its compact design is suitable for small spaces and it features timer controls.

Product Overview

Efficiency Meets Compact Design

This twin tub washing machine is engineered for high-performance cleaning and drying in space-constrained environments. Featuring separate compartments for washing and spin-drying, it offers users full control over cycle duration via integrated timers. The robust, corrosion-resistant plastic construction ensures durability, while the high-efficiency motor provides powerful operation for daily laundry needs.

Technical Specifications

Washing Capacity	5 kg
Model Number	PP500-305
Power Input	260 W

Construction & Features

Key Functionalities

- Twin tub design
- Independent spin dryer
- Adjustable timer controls
- Compact footprint

Material	Durable Plastic, Corrosion Resistant
