

Twin Tub Washing Machine with Spin Dryer

This twin tub washing machine has separate washing and spin-drying compartments. It features multiple wash programs and a durable plastic body.

Product Overview

High-Efficiency Twin Tub Laundry Solution

This twin tub washing machine is engineered for versatile and efficient laundry care, featuring separate compartments for high-performance washing and spin-drying. Equipped with an integrated air turbo drying system, it ensures faster drying times and better garment care. The intuitive control panel offers multiple wash programs including gentle, normal, and strong cycles, making it suitable for various fabric types.
