

Two-Burner Stainless Steel Gas Cooktop with Honeycomb Burners

This gas cooktop features two burners with rotary and polishing burner caps. It has a stainless steel panel and cast iron pan support.

Product Overview

Professional Two-Burner Gas Cooktop

This two-burner gas cooktop features a durable stainless steel panel and high-efficiency honeycomb burners designed for even heat distribution. Equipped with reliable piezoelectric ignition, it offers independent control for both burners to handle various cooking requirements. The robust cast iron pan support ensures stability and longevity, making it an excellent choice for demanding kitchen environments.
