

Two-Cup Electric Drip Coffee Maker with Mugs

This compact coffee maker is designed for brewing two cups of coffee simultaneously. It features a simple on/off switch and includes two matching mugs.

Product Overview

Compact Dual-Brew Solution

This electric drip coffee maker is designed for convenience, allowing you to brew two cups of coffee simultaneously. With its sleek black and silver finish and space-saving footprint, it is an ideal appliance for small kitchens, office breakrooms, or areas with limited counter space. The unit comes complete with two matching black mugs, offering an all-in-one brewing experience.
