

Two-Door Compact Refrigerator

This compact two-door refrigerator is designed for efficient cooling and space-saving. It features a top freezer compartment and a bottom refrigerator section.

Product Overview

Compact Cooling Solution

The ZTP80A-63 is a versatile two-door compact refrigerator engineered for efficient cooling in space-constrained environments. Featuring a dedicated top freezer compartment and a convenient bottom refrigerator section, it offers optimized storage for small settings like apartments or dormitories. Equipped with electronic temperature controls and reliable indicator lights, this unit ensures consistent performance for your cooling needs.
