

# Two-Door Compact Refrigerator with Floral Design

This two-door refrigerator features a red floral design on the door panels. It is a compact appliance with a freezer compartment and an energy efficiency label.

## Product Overview

### Stylish and Efficient Cooling

This two-door compact refrigerator combines a unique, eye-catching floral design with reliable cooling performance. Perfectly suited for commercial or shared office spaces, its dual-compartment configuration offers excellent organization for both chilled and frozen goods. The unit is designed to balance aesthetic appeal with energy-conscious operation, making it a standout choice for modern professional environments.
